Roxanne Lewis : Hi! I'm Roxanne Lewis, Manage of Consumer Communications at National Frozen and Refrigerated Foods Association. Our association promotes the sales and consumption of frozen and refrigerated foods. We have a membership base made up of retailers, manufacturers, sales agents, suppliers, logistics, etc. - but I work on our consumer communications side. I oversee our consumer comms under Easy Home Meals branding. I share recipes, meal ideas, product information, etc. with thousands of consumers on a daily basis. I'm new to the PFSE partnership, but look forward to diving into all of your resources and recipe guidelines, and incorporating them into our communications. Thanks!
