

Franken BAC's Monster Mash

Franken BAC has invited his germy friends, the 10 Least Wanted Pathogens, to a party at your Perfect Picnic. Franken BAC and the 10 Least Wanted Pathogens are invisible germs that can be in your food and make you sick. You'll have to fight them off to stay food safe, but the first step is to recognize them...

Use the 10 Least Wanted Pathogens poster to learn more about Franken BAC's germy friends and draw your version of one of them below. To keep Franken BAC and his germy friends from making you sick, always Clean, Separate, Cook, and Chill.
